LB 584

CLERK: Mr. President, new bill, LB 584. Title read.
(See page 1130, Legislative Journal.)

SPEAKER MARVEL: It is my pleasure, first of all in the South balcony from Senator Koch's District 67 fourth graders, four teachers from Rock Brook Elementary School in Omaha and the fourth grade teacher, Don Baxter. Will you raise your hand so we can say good morning to you. Nice to have you here. Also under the South balcony it is my privilege to introduce former Senator Warren Swigart of Omaha. Warren, will you step out and say hello to us. Thank you. Underneath the North balcony it is my privilege to introduce to you Bob and Doris Nickman from Pleasanton. He is a farm associate of Ron Cope and a constituent of Senator Kahle. Would you folks stand and take a bow? We are ready for item #6 which is General File. The first item LB 143 was advanced yesterday so you can cross that off of the agenda since it was being advanced as the agenda was being made, and we start with LB 484, Mr. Clerk.
